He was fined \$5 and costs and required to give security in the sum of 100 for twelve months, nd went to jail in default.

Alian Parham (colored) was charged

with stealing \$10 from A. L. Wilkinson. The evidence given mainly by a colored boy named Edward Norrell was to the iffect that Norrell was given the \$10 in an envelope by Wilkinson to carry to a hurch Hill lady. Stopping at Parham's fruit stand on Seventeenth street, he bought some peaches and in paying for them pulled out the envelope without knowing it. He did not discover his loss for a little while. Going back to Par-ham's he demanded the envelope which Parham said he had given to another man who had gone to the Chesapeake & Ohio depot. Policeman Hall found the fragments of the envelope around Parham's place, but no money. Parham went to jail for thirty days.

James Hercules, a tall negro, was beore the court on the charge of obtaining under false pretenses from James L. Brown \$7.75.

The facts as testified are these: Herrules went to Brown's house several mon hs ago and engaged board. He sud he was surgeon of the Marine Hos pital, Washington. He offered to get Brown's son a position at the hospital worth \$60 per month. On the strength of this he borrowed from Brown \$7.75 and subsequently left town not to return until yesterday. Before leaving Rich-mond, however, he got an organ from Walter D. Moses & Co. Policeman Holdcraft stated that Hercules, who says his name is Peter M. Briski, was a de-serter from the United States Army. He lowed a paper which had been received from the war department showing that he had deserted February 28, 1884. Herules, alias Briski, was jailed for sixty Immediately afterwards he was arrested on a warrant by Policeman esterman, charging him with obtaining ander false pretenses an organ valued a Walter D. Moses & Co. He will be teled for this to day. The prisoner has just served a term of four months in the Petersburg jail.

RICHMOND, June 28, 1888. To the Public :

As different repo ts in yesterdays pa-pers about my refusal to kiss that only Bible in the Police Court may leave an erroneous impression on my fellow-citizens. I beg leave to state that I declined to do so on account of the dirty and gressy condition of the outside, and also parties from Cash Corner, who appeared to me, and I think to others, as not being

in good health.
I regard the Holy Bible just as highly as anybody, and have been connected for many years with St. John's German i utheran church. ### raking Too Much Quinine The quinine habit is gaining strength very day. Dizziness, that you hear innumerable people complaining of in these

days, can be traced to excess in the us of quinine. The good effects, that it is nearly always certain of, are lost by exressive doses. Too much quinine will also produce congestion of the ear and vibration of the auditory nerve. The growing habit of taking quinine for neuralgia and other like ailments, without consulting a physician, is altogether reprehensible, and may lead to very serious results. ### Making Fireproof Scenery.

Tepper, of Berlin, is credited with the invention of a meterial for scenery which is incombustible, with none of the disad vantages of processes heretofore tried He applies to very fine wire cloth a fire proof insoluble yellow plaster, quite fluid at first, but it soon becomes firm. To this the painters apply their pigments. The plaster is not heavy, and is so tough and flexible that drop scenes coated with it can be rolled upon small poles without cracking .- Boston Transcript.

SHERIDAN'S CONDITION. Preparations For His Removal to Buzzard's Bay.

WASHINGTON, June 28 .- Though there were no renewed causes for alarm to-day, the General is quite low, and the greatest care has to be exercised in all the details.

It is not probable that the General will

air in her cabins is very foul while she is tied up to the dock.

Experienced naval officers consider the plan of removing General Sherman to Nonquitt on the Swatara a very foolhardy and dangerous one. The rough weather that is liable to prevail on the ocean between Capes Henry and Charles and Buzzard's Bay, they think, would do much to deteriorate the patient's condi-tion. A number of naval surgeons in-

cline to this belief. The Swatara is said to be a rolling old tub that pitches frightfully in bad weather.

On account of bad weather, the re-moval will not take place until to-
